

Current SDDC Command Focus

Guiding Principles

- Maximize effective support to the Warfighter
- Provide trained and ready forces
- Be efficient without sacrificing effectiveness
- Adopt an Enterprise culture
- Take care of people

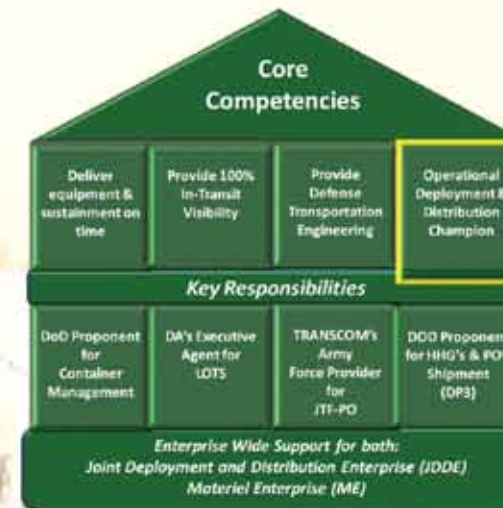

Enhance Identity & Reputation

Enable Our Nation's Objectives

Execute BRAC 2010

Committed, Dependable, Relentless

Support the Joint Force

Seamless Outside SDDC

Examine the Gaps and Seams

- Rapid Port Opening
- Army Watercraft
- Terminal Battalions
- Movement Control
- Rail
- ITO

My Vision:
"A Command with a performance-based reputation for excellence, built by an enthusiastic workforce, that inspires trust and confidence!"

A Balanced Force

Global Surface Transportation Experts!

- Develop the Army Distribution Forum and SDDC Linkage to the Materiel Enterprise
- Develop Functional Distribution Champion Concept to include E2E enablers
- Reconstitute TEA capabilities in Transportability Engineering, Transportation Infrastructure Engineering, Deployment Analysis, Modeling & Simulation Development, and Database Management
- Utilize enterprise approach to establish Container Management Governance Structure
- Develop and execute Strategic Engagement Strategy

SDDC has a workforce of over 2,100 military and civilians and procures more than \$1.8 billion annually in commercial truck, rail, barge, pipeline and ocean transportation services. SDDC also influences nearly \$4 billion in contracts.
